## PROFESSIONAL SUMMARY

My journey from coaching to software development began with a hobby in website creation, where I discovered a deep passion for coding. This led me to complete an immersive bootcamp, equipping me with the technical expertise to transition into a developer role and apply my problem-solving skills to build impactful digital solutions.

## WORK EXPERIENCE

<b>Mojo Design</b> <i>Frontend Developer, Contractor</i>	Nicosia, Cyprus (Remote) <b>May 2024 – Present</b>
<ul style="list-style-type: none"><li><b>Frontend and CMS Development:</b> Built and maintained dynamic, responsive websites using WordPress for content management and JavaScript for interactive elements.</li><li><b>Custom WordPress Solutions:</b> Developed custom themes and plugins; integrated Elementor for design enhancements, Security Optimizer for improved website security, and Jet Engine for advanced dynamic content management.</li><li><b>Website &amp; Core Functionality Maintenance:</b> Maintained and enhanced core functionalities while conducting regular updates, implementing new features, optimizing performance, and ensuring security to improve user experience and overall site functionality.</li><li><b>Technical Troubleshooting:</b> Identified, troubleshooted, and resolved technical issues to ensure seamless operation and optimal website performance.</li><li><b>Client Collaboration:</b> Engaged closely with clients to understand their needs and delivered tailored web solutions, resulting in a 15% increase in client retention.</li><li><b>Responsive Design:</b> Implemented responsive design principles to ensure cross-device compatibility, improving user experience.</li></ul>
